NORWECO SINGULAIR
Initial Service Contract

Owners Name: _____
Address: _____ Effective Date: _____ Per final inspection
Street
Expiration Date: _____
City State Zip
Telephone No: _____ System Installed On: _____
Directions: _____

This initial two year service contract for the Singulair Bio-Kinetic wastewater treatment system located at the site described above is intended to enable the owner to economically obtain regular service inspections for the Singulair unit, as well as non-scheduled or special service that may be required by a qualified technician. When this contract is in force, the owner will not be charged for any routine service labor. Under the terms of this service agreement, a technician will regularly inspect, test, and report the plant at four month intervals. The site will be visited following each special owner service request within a 48-hour period. The contract shall remain in effect for a period of two years, as specified in the effective and expiration dates listed above. All components of the Singulair unit are covered for a full two years warranty as determined by the dates above. The components include: concrete tanks, aerator, discharge pump, all electrical components installed as part of the system, filter / chlorination assembly, sprinkler heads, and piping. This service contract does not include the pipe from the structure to the tanks or any necessary sludge pumping that may need to occur. It shall also be understood that the homeowner is responsible for maintaining the chlorine in the system. The Texas Commission on Environmental Quality rules requires a service policy to be in effect at all times or the on-site sewage facility permit is considered void. All commercial systems will have a BOD and TSS test performed annually. Additional charges will be billed to the owner for the BOD and TSS test. The homeowner agrees to provide Hurt's Wastewater Management Ltd. with all gate combinations, keys, etc. to gain access to the system for the purpose of conducting routine inspections or service calls and to immediately notify with any changes and provide the new combinations or keys.

VIOLATION OF WARRANTY includes shutting off the electric current to the system for more than twenty-four hours, disconnecting the alarm system, restricting ventilation to the aerator, overloading the system above its rated capacity, or introducing excessive amounts of harmful matter into the system, or any other form of unusual abuse.

STATE OF TEXAS

**AFFIDAVIT TO THE PUBLIC
CERTIFICATION OF OSSF REQUIRING MAINTENANCE**

According to Texas Commission on Environmental Quality Rules for On-Site Sewage Facilities, this document is filed in the Deed Records of Brazoria County, Texas.

I

The Texas Health and Safety Code, Chapter 366 authorizes the Texas Commission on Environmental Quality (commission) to regulate on-site sewage facilities (OSSFs). Additionally, the Texas Water Code (TWC), §5.012 and §5.013, gives the commission primary responsibility for implementing the laws of the State of Texas relating to water and adopting rules necessary to carry out its powers and duties under the TWC. The commission, under the authority of the TWC and Texas Health and Safety Code, requires owner's to provide notice to the public that certain types of OSSFs are located on specific pieces of property. To achieve this notice, the commission requires a recorded affidavit. Additionally, the owner must provide proof of the recording to the OSSF permitting authority. This recorded affidavit is not a representation or warranty by the commission of the suitability of this OSSF, nor does it constitute any guarantee by the commission that the appropriate OSSF was installed.

II

An OSSF requiring a continuous service policy, according to 30 Texas Administrative Code §285.91(12) will be installed on the property(ies) described and that this recorded affidavit affirms that the property(ies) will not be sold separately, subdivided, or re-platted without prior approval from the Brazoria County Environmental Health Department.

1) Legal Description: _____

2) Legal Description: _____

_____ Check here if additional properties are involved. Provide additional legal descriptions on a separate sheet labeled "Attachment A".

Physical address(es): _____

The property is owned by:

Owner: _____

The OSSF shall be covered by a continuous service policy. All service on this OSSF must be performed by an approved maintenance provider, and a signed continuous service policy must be submitted to Brazoria County within 30 days after the property has been transferred.

Upon any sale or transfer of the above-described property, the permit for the OSSF shall be transferred to the buyer or new owner. A copy of the planning materials for the OSSF can be obtained from Brazoria County.

Installation Contract

Installation Prices: Include appropriate trash and pump tank sizes.

600 gpd Norweco Aerobic Unit w/ 890 gal. pump tank 600 gpd w/ drip irrigation
750 / 1000 / 1250 / 1500 gpd Norweco Aerobic Unit

Site evaluation / Design / Permit: Total _____ John Hurt _____
(Good for 60 days)

- **Note: This is a dry bid only.** In the event the job site is not accessible due to the weather conditions, there will be an additional charge to mud the system in. Either use of track hoe to dig and set tanks or use of mats to drive truck in. Additional amount charged subject to severity of location.
- **Note:** The above prices are based on the home having one stub out and the tanks being located within 20' of the stub out. If there is more than one stub out, there will be an additional charge \$50.00 per stub out plus \$5.00 per foot to connect the pipe. In the event of multiple stub outs and the stub out being positioned such as to require the installation of a lift station, there will be additional charges.
- **Note:** An additional charge of \$250.00 for Risers will be added if stub outs are more than 24"
- **Note: Owners electrician is responsible for bringing 30amp 110 circuit (for 600 gpd only) within 5' of stub out.** Hurt's will provide 15' of electrical, however extra wire and conduit will cost \$6.00 per foot.
- **Note: Excess dirt will be left stockpiled on job site.**
(Hurt's not responsible for damaging any unmarked underground lines)
- **Note: Homeowner or Builder** is responsible for water supply to fill tanks, as well as the removal and/or replacement of fences or structures.
- **Note: Hurt's is not responsible for back filling around tanks after dirt settles.** One load of sand provided by Hurt's to be used for 4" pad under tanks and filling around 4" pipe from house.
- **Payment in full required day of installation. Contract is with Hurt's and homeowner. If payment is coming from the builder the homeowner is responsible for making sure Hurt's receives that payment.**
Visa / MasterCard / accepted at Hurt's office only. If used there will be an additional charge.
